

Camden residents we'd like to hear from you!

Are you experiencing problems with water, heating, drainage, housing conditions or your local environment?

Peaceful Planet's London Community Project is gathering residents' experiences to help build a clearer picture of local infrastructure concerns. Whether you've experienced problems yourself or simply have observations to share, your contribution is welcome.

Please copy the link or scan the QR code to complete our Community Questionnaire: <https://peacefulplanet.org/community-infrastructure-questionnaire/>

Please share this invitation with neighbours, friends and local community groups. **Your voice matters. Your experience matters. You and your family matter.**
